

## General Conditions

- Subject to availability and compliance with the General Conditions set out below, Tasports will issue you with a permit(s) to occupy a reserved car space(s) in the Area described above following approval of the application.
- Permits are issued for 24/7 use, unless otherwise specified.
- Tasports will provide a maximum of 2 (two) permits per reserved car space. It is your responsibility to ensure a permit is affixed properly to the vehicle(s) notified to Tasports.
- Permits must be affixed to the bottom left side of the front windscreen on a clear untinted area and be clearly visible from outside the vehicle.
- Old permits are to be removed before placement of the new permit.
- Failure to display a permit may result in a penalty being incurred in an infringement notice issued by the Hobart City Council. Please note that parking officers take photographic evidence of vehicles for which infringement notices are issued.
- No responsibility is or will be taken by Tasports for the loss of or any damage to any vehicle, irrespective of how such loss or damage may have been caused.
- Vehicles are to be parked in the allocated space(s) only. If you are displaced from your designated car space you may park your car in the nearest '2P Voucher' area.

**IMPORTANT: If you do need to park in a 2P Voucher area, please notify Tasports' Reception on 1300 366 742 immediately of your location and vehicle registration number to avoid a parking infringement being issued.**

- It is the drivers' responsibility to take note of any parking restrictions or changes to parking conditions. Tasports will endeavour to notify you promptly regarding events or parking changes that may occur.
- If you wish to relinquish your permit(s) you must provide not less than thirty (30) days written notice to Tasports. Fees will continue to apply up to and including the date you relinquish your permit(s) or by thirty (30) days after such notice is received, whichever is later.
- If you cease to own the vehicle, the permit must be removed. If you purchase another vehicle and wish to park it in the reserved Area, you must notify Tasports' Reception on 1300 366 742 as soon as possible regarding your new vehicular details.
- If a permit is lost or destroyed a replacement permit may be issued on payment of \$30. An Application for a Replacement Parking Permit must be completed and a receipt of payment confirming the sum of \$30 attached and submitted. Satisfactory information about the loss or destruction of the permit must be provided with the application form to Tasports.
- Once relinquished or cancelled, permits must be returned to Tasports immediately thereafter.
- Permit fees are payable monthly in advance either by cash, credit card, direct deposit or cheque.
- Payment is due 14 days from date of invoice.
- Interest of 1.5% per month may be charged if payment is not made within 14 days from the date of invoice and you will also be liable for any collection, bank and/or legal costs incurred by Tasports in the recovery of any overdue amounts.
- You agree that your permit may be cancelled without notice by Tasports if you do not comply with any of these General Conditions.
- You hereby give Tasports permission to obtain or provide personal information as permitted by the Personal Information Protection Act 2004 (Tas) about you with a credit reporting agency for the purpose of enforcing any infringement notice. This permission will remain in force for the duration of the permit period.
- You acknowledge and agree that certain areas may not be available for use during "Special Events" (including but not limited to the Sydney to Hobart Yacht Race, the Wooden Boats Festival, cruise and naval ship visits, the Taste of Tasmania Festival). Whilst Tasports will make all reasonable efforts to provide you with an alternative car parking space on its property during these events you acknowledge and agree that no guarantee can be or is made by Tasports that an alternative car space will be available.
- It should be noted that for safety reasons, Tasports' policies, procedures and State law require clear vehicular access to be maintained at all times. Parking spaces have been laid out to comply with this requirement. Any vehicle which is parked compromising these safety requirements will be issued with a parking infringement notice and may be towed away at the owner's expense, if necessary.
